

Slidell Art League

The Slidell Art League is an incorporated 501(c)(3) not-for-profit corporation (Tax ID: 72-943422). Founded in 1962, the Slidell Art League is one of the oldest recognized non-profit organizations on the Northshore. With over 200 local artists, our members share their talent, time & creativity with the community. The following are a few of the community outreach programs that your membership will help support:

Gallery Exhibits—SAL hosts five art exhibits yearly in its Gallery, including an opening reception that is free & open to the public. Four of the exhibits are open to all area artists to submit works. The fifth is a members-only show, although the exhibit and reception are free & open to the public to view.

Our Part Thru Art (OPTA) was developed to serve children & adults in the Parish who otherwise would not have the opportunity or means to participate in the arts. Through art, SAL members help participants strengthen & enrich themselves. Special efforts are made to include those with physical, emotional & financial challenges. OPTA classes are held at the Council of the Aging St. Tammany (COAST), to residents/patients at Greenbriar Skilled Subacute & Rehab Center, Trinity Neurological Rehabilitation Center & Slidell Senior Citizens Day Care, and a facility for Alzheimer's patients.

Slidell Art League Teens (SALT)-SAL members work with teenagers throughout the Parish to develop their artistic skills, strengthen their self-esteem and encourage the importance of community involvement & volunteerism. These young people volunteer their time & talents at many community events doing children's face painting.

Workshops – Slidell Art League artists provide instruction and guidance during Saturday art workshops. These workshops are open to the public for a small fee. Our workshops have included classes in oils, pastels, acrylics, drawing & plein aire. These classes as well as the addition of photography, jewelry, watercolor, paper collage, stained glass & cartooning are scheduled throughout 2008. Our goal is to give the community the opportunity to experiment in many different types of mediums without incurring a large cost. These budding artists are offered the opportunity to "find their inner artist" with the assistance of our workshops. Our classes are one day in length, & each participant takes home their artwork ready to hang!
