Let your child's imagination GO! Renowned local artist, Priscilla Betz creates expressive abstracts, unlocking the imagination with experimental techniques. The medium is Mixed Media, which uses exotic, bizarre materials applied in unusual ways to create surface interest texture and depth in the painting.

She uses a variety of techniques such as resist techniques, lifting

techniques, collage, taping, scraping, and scratching. All of these different techniques lets her use the imagination for creative art that stands alone. Each piece of art takes on a life of its own, especially when she finds objects that add excitement and wonder to the piece of art. Each class limited to 15 children, so call today to give your child's imagination a jump start!
